

Welcome to Historic Sandusky

Greetings!

We hope you are continuing to enjoy updates on Historic Sandusky.

What's New at Historic Sandusky

Lynch's Ferry features Dr. Peter Houck

The new issue (out for the fall/winter 2015 season) is dedicated to Dr. Houck, without whom Lynch's Ferry and Historic Sandusky would not exist. He is the initial creator and investor of the magazine. It was through his work that Lynch's Ferry, the Johnston Health Center, Historic Sandusky, and Warwick Publishing House were created.

Inside the issue, readers will get a look into the life, achievements, and aspirations of Dr. Houck. Al Chambers said of Dr. Houck, "Peter

Houck accomplished what others only thought about doing." This is a sentiment that many shared about Houck and can be seen throughout the issue.

The magazine can be found in the Historic Sandusky gift shop for \$5.00+ tax.

2015 Year in Review

2015 was a busy year at Historic Sandusky. We gave many house tours, held special events, provided educational programs for students, developed a new archaeology partnership, and received a prestigious museum award.

If you would like support Sandusky in the upcoming year, please stop by or mail your donation to:

Digital History

Coming soon to Historic Sandusky is a digital history. This will be put together through the partnership with Lynchburg College and will allow for anyone who is interested access to an online searchable database.

Included in the database will

FREE! *Christmas Open House*

Lynchburg College and Historic Sandusky

New Laboratory Technicians at Sandusky - Two lab technicians have been hired to work in the Archaeology Laboratory at Historic Sandusky. Both will be working closely with the Hurt & Proffitt archaeology staff.

The first of the two new lab technicians, **Scott Stevens '16** is an American History, Environmental Science double major at Lynchburg College. Stevens began working in archaeology at Poplar Forest where he interned for two summers. Scott says he plans on continuing his education at Lynchburg College and entering the Masters of History in the fall of 2015.

The second of the lab technicians will be featured in the January issue.
